Docket Number: CV 06-6540

STATUS OF DISCOVERY

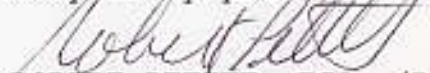

Plaintiffs' counsel has recently been advised that there has been a substitution and change of counsel for the defendant, the law firm of Fabiani, Cohen and Hall now represent the defendants in this matter.

Plaintiffs' counsel has recently been informed by plaintiff, Marie Milard, that she is continuing her medical treatment with numerous facilities in Montreal, Canada, where she resides. Plaintiffs' counsel is attempting to obtain her medical records from these new facilities in Canada so they may be provided to defense counsel together with plaintiff's automatic disclosure responses.

Additionally, upon a telephone conversation with Mr. Pollack of Fabiani, Cohen and Hall, it has been discovered that multiple actions have been commenced and filed in various jurisdictions concerning the same accident.

It is therefore respectfully requested that the Initial conference currently scheduled for February 20, 2007 be adjourned until March 27, 2007, so that plaintiff may fully provide medical records and Automatic Disclosure responses to the defendants' counsel prior to the Initial Conference and so the status of these other actions may be ascertained.

Very truly yours,

ROBERT PETITT, ESQ. (RP4953)

Attorney for the plaintiff
